AMMON RECOVERY SCHOLARS PROGRAM

The goals:

- (1) Provide access to education for individuals in recovery
- (2) Afford recipients of the scholarship the opportunity to enhance and use their abilities to serve others in the recovery community
- (3) Create a supportive peer community whose focus is to advance the mission of combating the stigma associated with addiction and to promote that recovery is possible

Ammon Recovery Scholars are ambassadors of the Ammon Foundation and play a vital role in furthering our mission. Scholars personal recovery stories are essential to help combat the stigma connected to the disease of addiction, by promoting that recovery is possible.

The benefits of being an Ammon Recovery Scholar

- Membership in a National Foundation
- Scholarship
- Leadership development
- Professional development
- Community of peers passionate about combating stigma of addiction
